[What should I do if I have questions about these reports?](#)

Please e-mail jake@racingflow.com or call 703-516-7087.

How many Upgrades & Downgrades reports do you issue?

Over 12 months, expect analysis of 218 race cards.

May I get access to figures issued before I subscribe?

Yes. Figures issued since January 2011 will be provided the day you subscribe. We will send 2010, 2009 and even 2008 figures upon request.

Which tracks does Racing Flow™ cover?

We issue figures for racing on the NYRA circuit (Aqueduct, Belmont & Saratoga), Kentucky (Turfway, Keeneland, Churchill & Ellis Park), South Florida (Calder & Gulfstream), Southern California (Hollywood, Santa Anita, Del Mar & Fairplex), Chicago (Arlington & Hawthorne). We also cover Woodbine, Oaklawn, Monmouth Park and Fairgrounds.

Which tracks are included in Upgrades & Downgrades Reports?

We always cover NYRA and Southern California racing, except when Fairplex is running. The third track is usually Gulfstream (Winter), Keeneland or Churchill (Spring and Fall), Arlington or Monmouth (Summer).

When will my subscription start?

Within 24 hours of your order. If you don't receive a scheduled report within 24 hours, please call us at 703-516-7087 or e-mail jake@racingflow.com.

How long will my subscription last?

As long as you like. We hope you never cancel, but you may do so at anytime. Your initial order costs \$60, and entitles you to reports issued during the next month. If you don't cancel, you will be billed another \$60 on the same day of the next month, and you will be entitled to another month of reports. Once you cancel you will no longer be billed, and you will no longer receive scheduled reports.

How do I cancel my subscription?

Simple. PayPal account holders may cancel with a few clicks. Log into PayPal, then click Profile, My Preapproved Payments, View the Agreement, and Cancel. Other subscribers may cancel by calling 703-516-7087 or e-mailing jake@racingflow.com.

Is your subscription rate guaranteed?

We will never raise the subscription rate for an active subscriber. If you subscribe now, your \$60 monthly rate will never increase during the course of your subscription.

May I cancel my subscription and restart it later?

Yes, but you will be subject to the subscription rate in place when you return.

May I pay by check rather than credit card?

Yes, personal checks and money orders are accepted. If you choose this option, you will need to subscribe for at least 3 months (\$180). We will mail an invoice each 3 months thereafter.

Do I need to download any special software to use your figures?

No. Our reports come as PDF files, so they will open on any computer with Adobe Acrobat. To take full advantage of your subscription, you will want to use the Daily Racing Form's Formulator Web for your running lines. Uploading our trips file to Formulator Web takes about two minutes per week.

Do I have to download your reports from your website?

You never need to download a Racing Flow™ report. All reports are sent via e-mail. If you can open an e-mail attachment, you have all the computer skills required to use Racing Flow™.

I don't use Formulator Web. Can I still use your figures?

Some subscribers print year-to-date FLOW, BIAS & BL12 report to look up figures, but that's more work than is needed. With Formulator Web, our figures print with your running lines. Of course, Formulator Web is not required to use our Upgrades & Downgrades or the valuable Extreme Race Reports.

Can you help me upload you figures to Formulator Web?

We are happy to take you through this process by telephone. We have done this for many subscribers, and none has needed help a second time.
